# Idle Hour Yacht Club and St. Clair Shores Sail \& Power Squadron 

 2016 Contract Agreement for Prepaid DockageThis agreement is made between the Idle Hour Yacht Club (IHYC) and the individual members of the St. Clair Shores Sail \& Power Squadron (SCSSPS) for unlimited prepaid dockage at the IHYC during the year 2016 in the amount of $\$ 225$ or $\$ 300$ for each participating member listed. $\$ 225$ provides dockage only. $\$ 300$ provides dockage and includes the 100 Club Party, which normally costs $\$ 100$ (so it's an additional $\$ 25$ discount). Please contact IHYC for more details on the 100 Club party. All IHYC general rules and policies must be followed, per the attached General Club Policy for Dockage Boat-Wells, and Guests and Visiting Yachtsmen.

Participating members also agree to use the wells on the guest side of the harbor. If no wells are available on the guest side, the member side can be used, but participating members must check in at the club to verify they are available and club members are not utilizing them that weekend. Participating members also agree to use the clubroom for food and drinks at least once during a weekend stay.

Each participating member will need to keep a copy of this signed agreement with them at all times, and provide it to the IHYC upon arrival so they can give you a pre-paid docking slip to be displayed on your boat. Each slip must be filled in with appropriate dates and information, and displayed on your boats when docking at the IHYC.

Below is a list of the participating members. Boats must be registered to the name given below. These privileges are not permitted to be shared with non-participating members. Please notify IHYC and SCSSPS if a member sells or buys a new boat to make the appropriate changes to this list.
